
Chamber Socials

Our strength is our member network. A Chamber social is a great opportunity to network with other Chamber members, government officials, educators, local businesses and nonprofits. Through our socials, members exchange information, share business and economic insights, and work toward achieving mutual goals to help our area grow and prosper.

Networking has many benefits. Rewarding relationships may be one of the greatest. Seventy percent of new business that your organization gets is through word of mouth. A Chamber social allows you to informally explain what your business, or group, is about and allows people get to know you. People within a network will have connections with many other people. You will start to gain new leads because people like to pass business to people that they know.

By attending our Chamber socials, you are taking the first step towards improving yourself and your business. You will be improving your reputation by networking. You might get a reputation for being a person people want to talk to and get to know.

A Chamber social gives you access to people. Through these contacts, you will discover opportunities, both personal and professional, gain insight and advice, stimulate creative ideas and resolutions to challenges. A Chamber social adds to your business building efforts and makes for a pleasant experience.

The worksheet on the back of this page will help you get started. When you're ready to hold your social, please notify the Chamber office (660-882-2721) with the date and time and any questions you might have.
